Dear Sir or Madam.

I am happy to tell you that we have decided. in hearty co-operation with the TMCA, and with full endorsement by it of our ocheme, to continue the "Poyers du Soldat" Work, as an after-war work for both civilians and soldiers. A Prench Society which will assume the responsibility of the Work will be shortly constituted under the name of "Société des Poyers de l'Union France-Ambricaine".

For this new work of tremendous importance. although on a much more limited scale than the war work, on account of a reduced budget. I am extremely anxious to secure the on-operation of American Secretaries, male and female. This co-operation has been so fruitful during the war, as regards the work itself as well-on illustration of the walue of France-American ties, that I have no doubt that we can expect the same happy results for the peace-work,

Therefore, I should regard it as a privilege if you could accept to be one of our co-workers in thefuture. Please consider that to win the peace is perhaps more difficult than to win the war, and that we are still justified in asking our American friend to co-operate with us on behalf of the social and moral recovery of our country which has the most suffered for the cause of civiliantion.

In agreement with Dr. J.R. Mott, Weneral Secreta of the International Committee of the YMMA., I beg to communicate to you as follows the statement regarding the co-operation of American Secretaries, as it has been embedded in the general agreement regard! the future work with the American Villa. :

> Wit is highly desirable that "the Trance-American co-operation which has "proved such a knpoy success during the Par. "may be maintained in the after-war work.

My Dear Mr. Poston.

You would hardly believe theh what immense pleasure I rec'd your long and friendly letter arrived the 15th. I beg of you to forgive me for not having given you news of "yeelf sconer, but I had lost the book of addresses that I had at the front and I was unable to wri to you. You are truly nice not to have held that against me, and to have written yourself. I ghank you very since ly, and al so for all the details that you have given me since I left you at Mezieres until now.

I see from your explanations that you kept at your job until

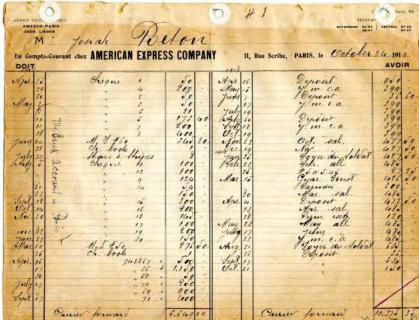

the day of your departure. France will never know how to sufficiently thank America for all her services. On every occasion that presents itself I congratulate her warmly on having such citizens as you were up at th PYNNEW French Pront. Never did I see, in all the campaign from 1914 to 1919 a Comrade as morthy of praise as you. With your limitless devotion, your character, and your pleasantness, slways way cheerful in spite of the burden of your heavy responsabilities you were the leader of the men by your joviability, by the though you had for the welfare of all, the discipline and respect that you knew how to impress upon them: and it was many so that in contact with them you made to be re-born the good morale among them. I thank you from the bottom of my heart, and ask you to believe in my gratitues.

I shall remember for a long time the good moments passed in your company and would have liked very much to have had you in my home for several days before your leparture.

Your devoted friend.

DISPOSEZ DE NOUS COMME IL VOUS PLAIRA

Je viens pour vous dire que le peuple Juméricain tiendrait à grand homene que nos troupes fusent engagées dans la présente bataille. Je vous le demande en mon nom et au sien. Il n'y a pas en ce moment d'autre question que de combattre. L'infanterie, l'artillerie, l'aviation, tout ce que nous avons est à vous. Disposes-en comme il vous plaira. Il en viendra encore d'autres, aussi nombreux qu'il aera nécessaire.

ce n'est que par le courage des soldats du tront et le travail coutenu des ouvriers de l'arrière que les nations alliérs ont été capables de résister à l'ennemi commun. Cette union, toujours croissante, nous assure la victoire définitive qui délivrera le moude de la tentaire de domination prussienne.

Ma formule est la même partout.

Politique intérieure ?

JE FAIS LA GUERRE!

Politique étrangère ?

JE FAIS LA GUERRE!

Je continuerai jusqu'au dernier quart d'heure, cur c'est nous qui aurons le dernier quart d'heure.

CLEMENCEAU.

GAGNER LA GUERRE

La puissance allemande est une chose saus conscience ni honneur, indigne d'une paix basée sur les conventions, et elle doit être écrasée.

En ce moment, notre devoir immédiat est de gagner la guerre, et rien ne pourra nous en écarter jusqu'à ce que ce soit un fait accompli.

NE JAMAIS CÉDER

Si, pour une cause imprévue, les Alliés devaient ne pas rénssir, il secait triste de vivre sur notre planète. Il est impossible d'exagérer l'importance de la portée des évéuements que nous voyons aujourd'hui. Le sort du monde, la destinée des hommes et l'existence des générations futures seront ce que les fera l'échec on le triomphe de notre cause.

- 2.—If the "Y" has been as unpopular as represented by critics, why do the leading military and tured authorities continue their enthusiastic and unpualfied endorsement of the "Y" Bed Triangle service!
 - 3—If the YMCA had charged the excessive prices for articles sold in their exitoria, as claimed, would not the government have removed the canton from "Y" management."

Ones. Where did the "Y" get its overseas workers? Ans. From every city and state. There were not enough trained "Y" workers. New men were drawn from business and the professions. Every man was guaranteed by at least three citizens of good standing, and was personally investigated by recruiting committees and by the agents of the Pederal government.

Ques. Did the "Y" pick any "lemons"?

Ans. Yes, in some instances; but considering the whole number of its war workers the average was good; many of them were the ablest men in America

Ours. Did the "Y" sell "gift" tobacco?

asks a soldier.

Ans. Yes. Ques. "What in the devil did they do that for?"

Ans. 1st Licut, C. P. Haffley of the Q. M. C., U. S. A., Unit No. 4, A. P. O. 740, A. B. F., states officially as follows to the YMCA:

"I. Through an error of the Supply Depot at Gievres, this commissary received several cases of Piedmont cigarettes, each carton of which contained a return post eard stating that these cigarettes were a gift from 'The New York

San Tobacco Fund. "2. These eigarettes were sold you in case lots before this was discovered, there being no marks on the cases to indicate that this was gift tobacco. This matter has been taken up by this commissary with the Supply Depot at

Gievres, and in all probability these eigarettes will be replaced." The "Y" hought and paid for these cigarettes from the Army and widely distributed them through its huts, only to be placed in an embarrassing position when the cartons were opened. The official statement is that "In every case where these were returned to the YMCA it furnished free an equivalent amount

of tobacco from its own supplies." Ques. How is the "Y" managed from a business

standpoint? Ans. The business system of the Army "Y" is under the direct supervision of The Price-Waterhouse Company of New York City, reported to be the largest accounting firm in America. A member of the firm itself is in actual charge in Paris of all the oversess accounts.

Ques. Has the "Y" money enough? Ans. John R. Mott said on January 7, 1919, that al the money the army "Y" had received had been expended; that on December 31st the "Y borrowed \$2,000,000. The first week of January the "Y" borrowed \$1,000,000 more and arranged to horrow another \$1,500,000, "Thus within ten days we will be paying interest on \$5,000,000,"

Ques. is the Army for or against the "Y"? Ans. General Pershing, on December 30, 1918, is sued General Order No. 241, enlarging the

"Y's" responsibilities overseas. Third Assistant Secretary of War, P. F. Keppel, says regarding the canteen: "The Army YMCA made no profit but lost

thousands of dollars." Raymond B. Fosdick, Chairman of the War Department Commission, says: "I would like to take this opportunity to remove a misapprehension about the Army YMCA" (about the YMCA making money out of the canteen). "At General Pershing's request I went into this matter thoroughly and

the report is absolutely without foundation, I mention this matter only because widespread rumor is most unfair to the organization which is doing heroic service." Ques. Is it true that many wounded soldiers did not see a "Y" man from the time they wen to a hospital until they were well again?

Ans. General Pershing's orders, for the most part, kept the "Y" out of the bospital field and kept the Red Cross out of the "Y's" field. Both or ganizations obeyed military orders and prevented duplication of effort.

Ques. Why do many of the men misunderstand this matter? Ans. The "Y" has been altogether too slow to inform the Army generally what orders it was working under. During the great drive to will the war there was little chance to do so. They think every father and mother and ever

soldier ought to know the truth. Ones. Did "Y" men embezzle funds oversens?

Ans. Yes; and they were caught by the "Y", the money was recovered, and the "Y" itself asked the army authorities to try and punish the guilty parties. According to the cable reports the accused men were George Schoeffel, formerly Secretary of the Chamber of Commerce

young figure, marching-ever marching, and always toward the front. "We must work for the boys, Toney,"

The senator got out at his door; he moved seavily, as if yory wency "Yes sir. We'll make the old phutation prout cotton faster than it ever did before. The boye'll need things when they come home." Uncle Toney's eyes were so blarred be saw double as he drove the car away; but

Both men searched the papers those dark days; searched daily for news; both treasured hurried scrawls that came from "somewhere in France." Both blinked their eyes to clear away a mist when they came upon unexpected words of endearment in those bovish letters; both read and re-read the scratchy pages until others came: road them alone, and then, rather shely, they read them to each other

had made his noon hours even midnight. "It's in this, Mr. Tom; about my little Toney. "Little Teney?" The senator's voice was low and shaken. Little Toney of the joyour Isnehrer and the nimble heels! He had been born and mised on the plantation. He and Johnny had played together from their buby-

hood. Senator Ravenelle passed an ansteady hand across his eyes; he looked away from the best little figure leaning nationally on the boe. "Is--is Ettle Toney-dead?" He almost whispered the word; his lips were too dry

"I don't know, Mr. Tom. All this paper may is that little Toney is-missing. "Missing?" The senator repeated the

REBUILDING the LITTLE **FRENCHIES**

LECTURE BY JOSIAH POETON

You enjoyed James W. Foley? Well here is another disciple of cheerfulness, kindness and earnestness whose chief concern has been child welfare. Also a gentleman whose milk of human kindness has the cream of joy and good humor, who had charge of the largest camp of French ceptures during the war. He put fun and joyfel child play into 6,000 child tragedies. Come and get this human touch from a soul that could not be disrurred by history's greatest calamity.
